Subject: Completion of Work of OSS Archives

OSS Archives has been functioning since 20 August 1945. During that time it has received and partially processed the records of the New York Office, those from Caserta and Burma, a portion of the Pacific Coast Area files, and miscellaneous Washington branch files. It is anticipated that, prior to the liquidation of OSS, all records of the organization, both domestic and foreign will be submitted to Archives.

*** However, since it is apparent that branch records will in large measure not be submitted to Archives until the branches themselves cease operating, it follows that the largest proportion of the Unit's work will occur after the liquidation of the agency.
